

# **NATIONAL IDENTIFICATION AND REGISTRATION AUTHORITY**

## **NOTICE TO ALL JOB APPLICANTS**

On 26<sup>th</sup> March 2015 the Registration of Person's Act (ROPA) 2015 was assented to and established the National Identification & Registration Authority (NIRA) with the mandate to among other things; register Ugandan citizens, register births, deaths and adoption orders.

In July 2016, NIRA commenced a recruitment exercise in which it called for applications from suitably qualified Ugandans to fill various positions in its organizational structure including; Managers, Senior Officers, Officers and support staff. It was projected that the recruitment exercise would be complete within 2 months from its commencement.

However, due to the overwhelming interest, a record number of applications were received by the Consultant (Profiles International Uganda Limited) who NIRA contracted to conduct the recruitment exercise on its behalf. More time is required to objectively and fairly handle all applications.

NIRA therefore requests for your patience and understanding as the Consultant endeavors to process the numerous applications received within the shortest time possible.

We estimate that all successful candidates for the respective positions would have been contacted by 31<sup>st</sup> January 2017.

Kindly bear with us.
