TRIBUTE TO HON. GEN. ARONDA NYAKAIRIMA (RIP)

A dream so cruelly cut short, by the finality of death.
We never thought we could pick ourselves up,
Broken and bruised, we have journeyed on.
Oft we have thought of the silent yet excellent force that you were;
And found the courage and strength we needed to carry on.
We know you wouldn't have stopped and so we haven't.

We have carried on with pride recalling with satisfaction your selflessness, your passion,
your precision and excellence.
The seeds you sowed, by the example you set, have flourished into the dream that you
and so many others had.

Your undisputed patriotism and razor sharp focus on results delivered with integrity and
compassion have left an indelible impression in our hearts and minds.
We couldn't have asked for better leadership. We are the better for having known you.
But as God would have His way, with Him you rest, soaring high above us all, as we nurture
the dream we had.

NIRA Board of Directors, Management and staff today remember with pride and satisfaction
the firm foundation you laid for our development and growth.

**May God rest your soul in eternal peace and keep His shining light on
our path as we fly our flag high in your memory!**

For God and my Country
